School Plant Officials' Society of Alberta

November, 2010

During the 2010 Trades Fair the S.P.O.S.A. Executive looked at a few options to try and encourage more inter-action between delegates and exhibitors. We decided to try a "Passport" system where delegates had to visit exhibitors to get information regarding their company slogan. This method was well received by both delegates and exhibitors so we have decided to in-corporate this again into the 2011 Trades Fair.

This year we are requesting that you supply us with the address of your Corporate/Head Office. To be eligible for the Grand Prize, the delegates will have to approach exhibitors during the Trades Fair, get the appropriate information and match this with the companies listed on their "Passports".

As seen last year, this contest should promote more traffic to all exhibitors. Thank you for your assistance by supplying the following information below:
